

Information for Applicants

Course: One year PG diploma in Food Quality and Safety

Department of Studies in Microbiology, University of Mysore, Manasagangotri, Mysore invites Applications from eligible candidates for **One Year Post Graduation diploma in Food Quality and Safety** for the year 2016-17.

Aims and Scope:

This programme is designed to develop a practical “hands on training” in food safety and quality. The programme incorporates the specialized knowledge and skills required to implement the fundamental principles of ‘Quality Assurance.’ Schedules will be provided with knowledge required to either enter into or progress within the food industry. This programme is equally beneficial to those who want to complement their pre-existing skills and knowledge by upgrading. The course can develop the knowledge and practical skills that are associated with key topics of food science through studying core areas in food chemistry, food microbiology, food analysis, processing and management of food quality and safety.

Eligibility:

Candidates from India and abroad who have completed Masters Degree in Botany/ Applied Botany/ Biotechnology/ Microbiology/ Biochemistry/ Plant Science/ Agriculture/ Sericulture/ Food and Nutrition/ Bioscience/ Life Science with at least 45% marks are eligible to apply. *The selection is based on merit.*

Seat Availability:

The intake for course shall be twenty for the first academic year. Ten seats are for Mysore University students and remaining ten seats are for other Universities and Foreign National Students as approved by UGC.

Application Procedure:

The Prospectus and the Application form may be obtained from the Office of the Administrative Officer, Senate Bhavana, Manasagangotri, Mysore- 570 006 on payment of prescribed fee.

Candidates may also down-load the Application form from the University Website: <http://uni.mysore.ac.in>

The filled-in application form along with necessary certificates and copies of marks cards should be submitted to the Chairperson, Department of Studies in Microbiology, Manasagangotri, Mysore 570 006.
