Vidya Bharti Ucha Shiksha Sansthan, Bengaluru

Since 1952, Vidya Bharti has played a pivotal role in education, instilling cultural, moral, and social values in students to nurture a capable generation. Committed to creating a harmonious and prosperous nation based on the national education system, Vidya Bharti's programs are society-focused, aiming to develop well-rounded individuals through Indian educational philosophy. It operates Saraswati Shishu Vatikas, Saraswati Shishu Mandir, Saraswati Vidya Mandir, Senior Secondary Schools, and 25 teacher training colleges. Additionally, Vidya Bharti runs 40 Degree Colleges, contributing to higher education. Vidya Bharti Ucha Shikshan Sansthan seeks to promote quality education by bridging traditional and modern approaches, emphasizing positive change and collaboration with higher education institutions.

About the Programme

The Indian Knowledge System (IKS) is a grand tapestry of ancient wisdom, drawing its essence from the Vedas, darshans, and diverse schools of thought. Rooted in the philosophy of holistic human development, the traditional Indian education system outlines 64 vital Kalas, shaping a well-rounded individual. In antiquity, India explored a multitude of domains from the healing artistry of Ayurveda to the precision of mathematics, the mysteries of astronomy, the brilliance of metallurgy, the craftsmanship of ceramics, the wisdom of Arthashastra, and the artistic splendor of architecture. IKS, an expansive landscape, encapsulates this treasure trove of knowledge. Our program places a spotlight on Ayurveda, Arthashastra, Vedic Mathematics, and Science, offering profound insights and solutions for contemporary challenges. Throughout the sessions, participants will engage deeply with these subjects, culminating in a comprehensive assignment. Upon successful completion, certificates aligned with UGC standards will be awarded, marking the journey into the profound world of the Indian Knowledge System. Join us in the exploration of this timeless wisdom, relevant and inspiring in the modern era.

Objectives:

- To comprehend the multidisciplinary nature of Indian Knowledge Systems, fostering a 21st-century educational paradigm.
- To gain insights into the internationalization of Indian Knowledge Systems, promoting global collaboration for mutual growth and learning.
- To analyze the pertinent issues and challenges in the field of Ayurveda, Arthashastra, Vedic Mathematics, and Technology, with a focus on equity and inclusion.
- To grasp the regulatory perspectives in Ayurveda, Arthashastra, Vedic Mathematics, and Technology, rejuvenating the governance of these knowledge domains.
- To explore the role of educational technologies in the advancement of Ayurveda, Arthashastra, Vedic Mathematics, and Technology, enhancing educational processes and outcomes.
- To comprehend the evolving landscape of teacher education within the context of Indian Knowledge Systems.
- To reinvigorate pedagogical practices for educators specializing in Ayurveda, Arthashastra, Vedic Mathematics, and Technology.
- To instil and nurture core Indian values among educators in these domains, aiming to enhance the well-being of students and society.

Major Theme:

The program revolves around following captivating themes, each representing a profound facet of India's ancient knowledge:

Arts, Humanities and Social Science: Bharatiya Knowledge encompasses a wealth of information about Arts, Humanities, social science, including history, economics and political science. These knowledge highlights social and economic life of the ancient Bharat, including system of government, social organizations, different occupations, and economic activities. For instance, an iconic subject of ancient India, Arthashastra transcends mere economics; it offers profound insights into the realms of politics, economics, and diplomacy. At its core, Arthashastra champions effective governance, the pursuit of national interest, and the ethical tenets of leadership. The wisdom it imparts remains not only relevant but vital in shaping contemporary ideologies and practices. This can also help us to understand the development of Bharatiya society overtime.

Science: Ancient Bharat made significant contributions to the development of science, particularly in the fields of mathematics, astronomy, medicine, and metallurgy. These contributions laid the foundation for many modern scientific advancements. This ancient science in Bharat streaming from the Vedas, Vedanta, Ramayana and Mahabharat, etc. This wisdom and knowledge, particularly Vedic Mathematic finds application in technology, enhancing computational speed, precision, and problem-solving skill. This synergy between Ancient knowledge of Bharat and contemporary technologies optimizes problem-solving methods, paving the way for efficient and effective solutions across technological applications..

Sub Themes:

- Introduction to Bhartiya Gyan Parampara (IKS)
- Bharatvarsha - A land of Rare Natural Endowments
- Ancient Bhartiya Education System
- Methodology of Bhartiya Knowledge System
- Ancient Bhartiya Astronomy
- Mathematics in Ancient Bharat (Vedic Mathematics)
